# ReadyNotify

Cuyahoga County  
Together We Thrive

ReadyNotify is a mass notification system used to notify citizens, residents and businesses of emergency situations, non-emergency events and provide information about necessary actions.

### What is ReadyNotify?

ReadyNotify is Cuyahoga County's mass notification system powered by CodeRED. It's used by the County and participating municipalities to issue emergency notifications to the public.

ReadyNotify is primarily used for emergency notifications when rapid and accurate information is essential for your immediate safety; however you may choose to be notified of general Cuyahoga County Government News as well.

### What Type of Information is Required to Register?

Participation in the ReadyNotify Program is **voluntary**. A valid email and phone number will be needed to sign-up. During the registration process we will ask you to give us information about yourself such as your address, your primary language, and if you require any special assistance during an emergency event.
